NOTE FOR: Acting Deputy Director of Central Intelligence
SUBJECT: Current Status of Selected IG Studies and Surveys
REFERENCE: IG Report of 31 October 1977

1. Reference report is attached. I believe action has been completed or is satisfactorily underway on all items except those which are checked, all of which require action by OGC. I have been promised a status report by OGC but to date it has not been forthcoming. Fred Janney will need to follow up.

2. The only other item on which there has been no action is marked with an X. I have looked into this matter with DIA and NPIC and concur with DDI (now NFAC) that no action is required at this time.
